Attention - Mr. E. G. Johnson

Gentlemen:

Kindly refer to our letter of November 13, 1946 in which we informed you that Dr. Werner L. Oswald of Zurich, Switzerland had advised me that you have a collection of Swiss gold coins for sale and that Dr. Oswald had asked us to obtain, if possible, a complete description of the collection.

In your reply of November 13, 1946, you informed us that relative to the gold coins of Switzerland which you had on sale, these coins would not be offered until after the first of the present year and that you would endeavor to send us a list for us to forward to Dr. Oswald. Will you kindly advise us if such list is now ready and, if so, will you kindly favor us with same?

Awaiting the pleasure of your reply, we remain

Yours very truly,

St. Louis Stamp & Coin Co.

Dear Mr. Johnson:

On three different occasions I have written you on the subject of patterns and to date have never had a reply.

Really this is too bad because I am told when it comes to really desirable coins you are the man to talk with and I on my part have a very real and serious interest in the entire pattern series, and in all due modesty I think I can fairly state I have the finest collection of patterns in New England at least.

Enclosed is a list of items I am particularly interested to acquire (although I am buying others all the time). Any of the coins I want I am glad to buy and pay cash.

Sometimes, however, the man who owns a coin I want prefers to exchange for duplicates but WILL NOT SELL and this I am always glad to do as it benefits both parties.

From among your clients for example, there will be people who would be fascinated to own some of my duplicates such as the half disme, Gobrecht dollar and some \$3. patterns etc., etc., and there is the opportunity for you to do business as the middle man.

For your convenience I enclose a self-addressed stamped envelope and look forward to hearing from you.

Incidentally I am also interested in Willow Tree 3D and 6D and Pine Tree 3D and I thought you might be interested to see the list of my collection of flying eagle coinage, a copy of which I enclose.

Yours very truly,

Gentlemen:

Will you please send me your latest Coin Lists. The ones I have are your Special Bargain Sheets #13 and your Fixed Price Lists #30 and 31.

I realize that these are away out of date so would appreciate something up to date, with prices that I may order from.

Am interested in all types of coins but more especially in - Bargain List #13 nos. 506, nos 546 to 597. All of the Roman Emperor Series and Ancient English Coins & Tokens 504 to 611, nos. 629 to 636, and 658 and 659.

These will give you a good idea of what I am looking for to help round out my collection.

Would be pleased to hear if you have any books on Roman Coins giving illustrations etc.

I cannot enclose an American Stamp for reply but possibly there three of King Edward VIII will make up for the deficiency.

Yours very truly

Gentlemen:

Under date of February 3, 1947 we wrote you as follows:

"Kindly refer to our letter of November 12, 1946 in which we informed you that Dr. Werner L. Oswald of Zurich, Switzerland had advised me that you have a collection of Swiss gold coins for sale and that Dr. Oswald had asked me to obtain, if possible, a complete description of the collection.

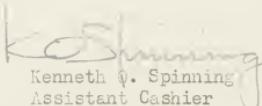

"In your reply of November 15, 1946, you informed us that relative to the gold coins of Switzerland which you had on sale, these coins would not be offered until after the first of the present year and that you would endeavor to send us a list for us to forward to Dr. Oswald. Will you kindly advise us if such list is now ready and, if so, will you kindly favor us with same?

"Awaiting the pleasure of your reply, we remain .."

Not having had the pleasure of hearing from you, we fear that our letter may not have reached you and, accordingly, are quoting the above letter.

Looking forward to your reply, we remain

Dear Mrs. Raby &

I was shocked & sorry for poor Johnson.
I warned him time again he was working ^{on} ~~for~~ too hard & far too much business. No use he
was obsessed with the idea of overworking ~~him~~
when & for what reason? Pens vs. paper. His
death was known he did not ever know how to
help himself or save himself. So what good?

There is a credit due me & I have been writing about
it on 2 dates, last Washington Fe 1792. He
billed at 170 & 225 far above their value. He
also overcharged me on some documents I'll overlook but
not the Washington Fe. For these reasons I don't
owe anything. The Estate owes me.

Probably friend am 100⁰⁰ on to but he sent me a
bill for 225: Not fair in the least time.

Yours, John Beddoe.

unless I get a credit & we return the 2
baked trout butts for \$400. That's what they
were billed at & unsoot now. Otherwise I
get a credit on my small amt claims. We
ought to debt & take my evidence. I have
disputed the price in. too. It's too big
while. Still, mark me paid & let it stand
that Dorothy will pay 225 for a baked trout
Cust. Something Thaddeus is not a Prince.
I'd like you to see my publications
but will be done back to Coll.

South Australia. March 7th., 1947.

Mr. B. G. Johnson
St. Louis Stamp and Coin Co.,
408 Olive Street, St. Louis Mo. USA.

Dear Sir,

Many thanks for your letter of January 27th., 1947 which has just arrived.

I am glad to have your confirmation that there was only one 'Ingot' in the Brand collection. Unfortunately the records of the dealer in England who handled the largest 'ingot' were destroyed by enemy action. This means that I am afraid that my manuscripts will have to go to the printers without the required checking.

I appreciate the fact that you feel that it is not within your power to give the name of the person into whose hands the Brand 'ingot' passed. However, the value both historically and commercially, I think, of these pieces would rise from a publication of their full history.

Would it be possible for you to forward this letter to the owner? I am most anxious to secure illustrations and to check certain information; and if the owner prefers that his name be not mentioned; I could simply state in my work that the piece is located in a private (or public) collection in the United States. The value of my work can only be gauged upon its reliability; and I have spent much time in researches into Government documents.

The information I require from the owner is :-

1. Date of securing it from the Brand collection ?
2. Size in millimetres; so that I can check the illustration in the Catalogue of the Nobleman Sale (1922) London ?
3. Photograph of 'ingot' and permission to reproduce same. ?
4. Permission (or a statement withholding permission) to state the present holder's name.
5. And any other information concerning the piece ?

Cost of posting this letter on; and your replies to me; will be remitted in Australian stamps; upon your informing me the amount involved.

Acknowledgement of the present owner's assistance (if secured) will be made in my work; unless he wishes otherwise. I think I gave you some indication of my status as a numismatologist - I think that you might pass this on to the owner, by way of reference,

yours sincerely

Finance - New and Used Books

Memorandum

In January and February, 1938, an informal survey between relatives to the possibilities of getting new and used books to the Department have been conducted. Various possibilities have presented themselves for acquisition. Most likely would prove to be used books from the same place from which we now get them. About 3 hours research time is required by most people to accomplish this before consideration of source. Books are taken to their neighborhoods until the next 1st Saturday morning, where we are to wait to get either the ones they know, or if there is a child, have much knowledge of what can be bought and the price. On either the secondary acquisition stage,

or if present, therefore, the 1st 30-40 minutes, we say to the person who is a complement of those demands on a weekly basis. I would estimate the silver, let 12 gold coins only are available for sale. These they might also be included. I have been out of touch with prices for some time. For several years and am not entirely sure since 1935. For some reasonable if I am not that most of the items to which we could be interested in finding a job not to be sold at more than five dollars. I would then assume the price resistance the fact that we may be able to spend about one hundred dollars this year on books. The other details, concerning the price will matter to that as well as money. In regards to possible, a representative collection of books will be kept up to date and their subjects, cover, etc. for general numbered pages, care of the volume will be sufficient so the customer is satisfied and certain we have good offer. Books are to be selected by the customer to see that you could like something she always desired or the customer could desire. This probably is a definite consideration. But many of these people, however, do try to accumulate or build up their library and it is difficult to sell especially older books which are well suited for the classical method. The person will not want anything gathered from outside the City. Books which are not rare because of the reasons.

I would be very pleased to make an arrangement with other stores to do the same kind. There conditions will vary from store to store at the present possible arrangements.

Respectfully yours,

Spring is coming. I did not send you the letter for the war. I have at last accomplished my wish and I send to you this letter. How are you? Are you very well? Tell me your news and my far-off situations.

Madam -

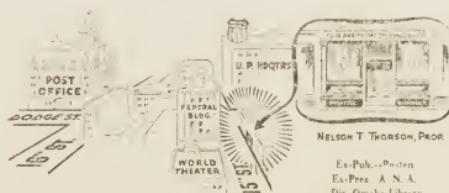

I am indeed sorry to just hear
of Burdick passing

He was a real good friend of mine
since 1904 when I was in business
in St. Louis.

I am very sorry not to have
seen him as I told him last
fall when we got to Excelsior Springs,
and had to return to Omaha,

I had fully expected to be with him
several days. Please convey to
any of his many surviving countrymen
my respects

Mr. B. B. Johnson,

St. Louis, Mo.

Dear Mr. Johnson:

Several years ago, the last time I think was
in 1942, I sold you several lots of coins.
Now have the following lots to sell to you:

Crogs 1871

45 - 5¢ pieces 40 - 3¢ pieces 40 - 1¢ pieces.
(1) 4 standard bags then at \$2.425-
they have sold in the New York market at higher prices.

Crogs 1875

20 - 20¢ pieces

20 - 20¢ pieces

Crogs 1876

20 - 20¢ pieces no set.

The 47 Standard Catalogue values these at \$720- and they
have sold below the catalog value.

All the coins are in excellent condition.

It is my opinion that the market for these coins
is increasing and that the price will go up. It is all
you can do to sell them now. Please advise me if I am right.
I will never make any mistakes.

Very truly yours

Gentlemen:

I have a client who has something over \$100 face value of gold in coins and also has quite a number of old, miscellaneous coins, of which I do not have a list.

Will you please advise me how much premium you are paying for gold coins, and if your bid is satisfactory, the next time I am in St. Louis, I might bring in all of the coins for your appraisal.

Very truly yours,

Dear Mr. Newman:-

Haven't heard from you for quite some time. Are you still as active in the paper money game as previously?

Was very sorry to learn of the death of Mr. Johnson. He will be sorely missed in the numismatic circle. Will his business be continued by someone else or is the stock to be sold out?

What do you have in the way of old paper money to dispose of? I am interested in purchasing some lots of Confederate, State, County, etc. notes. Also any Texas Government, Republic, etc. notes. Will be glad to have you get together some lots of notes and forward to me on approval. I will look them over promptly and purchase everything I can use.

I have two Missouri notes which may interest you. They were in an old collection of PROOF scrip notes (most of which were Ohio, Pa. and N.Y.) which I purchased some time ago. They are the 10¢ and 15¢ "J. Kirkbride & Co., Columbia, Mo., Nov. 10, 1862".

With kindest regards, I am,

Sincerely yours,

Benjamin B. Du Bose,

Dear Mr. DuBose:

Mr. Newman has turned over to me your letter of August 1st, 1947 as he is one of the executors of the estate of Mr. Johnson.

Mr. Johnson has, as you know, quite a nice stock of paper money and no doubt we have a number of items in which you will be interested. In due course, I will have an opportunity to go into this material and send you some of it.

Dear先生;

To acknowledge your kind note of the 25th August listing only four U.S. Pattern coins I am somewhat disappointed to learn of only these few as I am under the impression that you had quite a wide range of these coins.

The first two you list I have others nearly the same and the last two items + have the identical coins.

I would be very much interested in the \$2.50 gold in copper as it is which I do not have and if you can dig up any others + would be glad to learn of them.

Yours very truly

Mr. Eric P. Newman
Biltmore Hotel
New York, N.Y.

Dear Mr. Newman:

We had a letter from Mr. Kenneth O. Spinning of the Chase National, Pine st. cor. of Nassau, asking that we send a list of the coins we sold Dr. Werner Oswald so that they can obtain an export permit. I wrote to Mr. Spinning yesterday and told him you were out of town and would be away all week probably. However, today I asked Mr. Gessler about sending the list and he said it would be all right to do so. Nevertheless I am still dubious and enclose the list herewith. I am not sure that you want the list sent as it is but if you do, perhaps you can mail it to them. If you want any changes made, you can send it back to me and I will make them. I suppose it is rather foolish to bother you about this since you may be coming back in a day or two but your secretary told me she didn't know just when you would be back.

No other news to tell you except that we had our first snow today and I just had my first customer of the day who bought the big sum of \$3.75 worth of coins!

With best regards,

Sincerely -
